### Academic Profile \_\_\_\_

I am a Lecturer in Applied Mathematics at the University of Hull, with a research and teaching role. My research is at the interface of Inverse Problems, Optimization, Statistics and PDEs. I have also experience in Optimal Transport, Calculus of Variations, Measure Theory and Numerical analysis in infinite-dimensional spaces. I am interested in applications to Materials Science, Mathematical Imaging, Statistical Models for Sports and Machine Learning. I have taught a diverse range of courses in the areas of Analysis, Geometry, Probability, Statistics and Numerical Analysis, at both the Undergraduate and Master levels.

| Education   |   |          |
|-------------|---|----------|
| 2024 - 2025 | Postgraduate Certificate in Academic Practice (PCAP), University of Hull, UK  |          |
| 2014 - 2018 | <b>PhD in Mathematics</b> , University of Sussex, UK<br>Thesis: <i>Geometric patterns and Microstructures in the study of Material Defects and Composites</i><br>Grade: Pass with no corrections, Advisor: Prof. Mariapia Palombaro | <u> </u> |
| 2012 - 2014 | <b>MSc in Mathematics</b> , Sapienza University, Italy Thesis: <i>A variational approach to topological singularities in two-dimensions</i> Grade: 110/110 Cum Laude, Advisor: Prof. Marcello Ponsiglione                           | B        |
| 2008 - 2011 | BSc in Mathematics, Sapienza University, Italy Thesis: <i>The isoperimetric problem</i> Grade: 110/110 Cum Laude, Advisor: Prof. Annalisa Malusa  | <u> </u> |

# Academic Supervision \_\_\_\_\_

I have supervised 6 students, including 3 Master students and 3 Undergraduate students

### **Master Students**

| 2023/24 | <b>Z</b> | Olapeju Enitan Arowobusoye, MSc Mathematics<br>Thesis title: <i>A Complex Analysis approach to the isoperimetric inequality</i> | University of Hull, UK |
|---------|----------|---|------------------------|
|         | <b>Z</b> | Lucky Ekeshili, MSc Mathematics Thesis title: <i>The Euler-Lagrange equation</i>  |                        |
| 2022/23 | <b>Z</b> | DAVID AWUKU, MSc Mathematics Thesis title: The Isoperimetric Problem  |                        |

### **Undergraduate Students**

2024/25 Declan Hodges, BSc Mathematics University of Hull, UK

Thesis title: Gödel's First Incompleteness Theorem

SAM FOWLER, BSc Mathematics

Thesis title: Optimal transport, with applications to Logistic problems

**✓** Joe Varley, BSc Mathematics

Thesis title: Geodesics, old and new

## Administrative Experience \_\_\_\_\_\_

| 2025/26 | Convenor of MSc Mathematics module "Dissertation Project" at the University of Hull |
|---------|---|
| 2024/25 | Organized Welcome Week for BSc and MSc in Mathematics at the University of Hull     |
| 2023/24 | Responsible for open days Mathematics desk at the University of Hull                |

## Professional Qualifications & Memberships \_\_\_\_\_\_

Since 2025 Fellow of the Higher Education Academy (FHEA)

Since 2023 Member of the Inverse Problems International Association (IPIA)

### 

Coding Python, Matlab, R, C, Mathematica

Teaching LaTex, Quarto, Canvas, Panopto, MS Office, MS Teams, Moodle Web Git, HTML, CSS, JavaScript, Jekyll, Liquid, YAML, Markdown
